

NOTICE OF PROPOSED STUDY WITH INTENT TO AMEND THE CITY OF HOLLADAY GENERAL PLAN.

The City of Holladay is undertaking the Highland Drive/Van Winkle Expressway Intersection Study with the intent to incorporate the study results into the City of Holladay General Plan. This study will evaluate potential intersection improvements for a primary gateway and critical transportation node in the City of Holladay. Public participation and comment opportunities will be announced on the City's website, www.cityofholladay.com

Primary study goals include:

- Provide improved intersection efficiency, reduce vehicle delays and decrease emissions,
- Improve vehicular, bicycle and pedestrian safety,
- Provide east and west trails connections,
- Minimize impacts to area residents and businesses,
- Enhance economic vitality, and,
- Improve the City's gateway appearance.

This notice is given pursuant to *Utah Code Ann.* 10-9-203, and is being sent to those entitled to receive such notice under *Utah Code Ann.* 10-9-203, including each affected entity.

Affected Entities are invited to provide information for the City of Holladay to consider in the process of preparing, adopting, and implementing this study as part of the City's General Plan. This information may include; (1) impacts that the use of land proposed in the proposed general plan amendment may have; (2) uses of land that the affected entity is considering that may conflict with the proposed general plan amendment; and 3) uses of transportation and mobility that the affected entity is considering that may conflict with the proposed general plan amendment.
