

Green Waste Announcement

Wasatch Front Waste and Recycling is excited to kick off the 2015 green waste season on **March 16**. Curbside green waste collection reduces waste that goes into our landfills and provides valuable compost for home gardens.

Curbside green waste is an affordable option at \$114.00 for a calendar year for anyone with a yard! The program runs from the middle of March to the second week of December.

As a reminder, only green waste can be placed in these containers: grass clippings, tree and shrub trimmings, leaves, garden waste, and any fruits and vegetables from your table. Egg shells, coffee grounds and tea bags are also OK. **Do not bag** your green waste.

The following items cannot go in your Green Waste container

- Dirt, sod and rocks
- Large trees or branches that don't fit in the cart
- Meats, oils and grease
- Compostable bags
- Animal waste
- Paper or plastic bags

If your container is broken and needs to be repaired, all you need to do is call us at 385-468-6325 and we will gladly come out and do the repair on site. Find out more on our website at www.wasatchfrontwaste.org.

Please have your green and all waste carts out on the curb by **7:00 a.m.** so that we don't have large trucks driving back through neighborhoods. Please place your cart **at least 3 feet away** from any other objects (car, fence, mailbox, other carts) and not under any overhanging objects (trees, street signs, basketball standards) for safe collection.
