

Construction Activities: Thursday, October 18 – Friday, October 28, 2016*

**Construction schedules are subject to change due to utility, material, weather and equipment delays.*

I-215; one mile north and south of the 6200 South (Exit 6)

- The crossover is now in place with traffic shifted to the southbound side of I-215.
- In this area, I-215 is restricted to two lanes in each direction.
- Speeds have been reduced in this area. Please follow the posted speed limit as fines double for speeding through the construction zone.
- Motorists are encouraged to plan ahead, and be alert when traveling through the construction zone.

I-215 Bridge over 6200 South

- Crews are performing ongoing bridge maintenance on the I-215 bridge over 6200 South and are expected to continue through early-November.
- Surrounding residents and businesses can expect construction activities during the day and nighttime hours, traffic restrictions, construction equipment and vehicles in the area, and an increase in noise, dust and vibration.
- Motorists can expect traffic restrictions on 6200 South under the I-215 bridge and are encouraged to plan ahead for traffic delays and be alert when traveling through the construction zone.
- For motorists exiting the Old Mill Corporate Center, please consider an alternate route such as traveling Southbound on 3000 East to Fort Union Blvd.

I-215 Bridge over Tolcate Lane

- Crews are performing ongoing, intermittent work over Tolcate Lane and are expected to continue through early November.
- Surrounding residents and businesses can expect construction activities during the day and nighttime hours, traffic restrictions, construction equipment and vehicles in the area, and an increase in noise, dust and vibration.

Holladay Blvd. under I-215

- Crews will begin bridge maintenance on the I-215 bridge over Holladay Blvd. as early as October 19 and are expected to continue through early November.
- Holladay Blvd. under I-215 will be closed as early as 6:00 P.M. on Wednesday, October 19 and is expected to be closed through early November.
- Surrounding residents and businesses can expect construction activities during the day and nighttime hours, traffic restrictions, construction equipment and vehicles in the area, and an increase in noise, dust and vibration.
- Motorists, cyclists and pedestrians are encouraged to plan ahead, use caution and be alert when traveling through the construction zone.

Southbound/westbound on-ramp at the 6200 South exit and northbound/eastbound on-ramp at the 6200 South exit (Exit 6)

- The northbound on ramp will be reduced to one lane until the crossover has shifted back to the

northbound side of I-215.

- Shoulder work on the southbound/westbound on-ramp at 6200 South (Exit 6) continues as crews perform ramp maintenance.
- Motorists can expect construction vehicles and equipment adjacent to the travel lane.
- The ramps will remain open during this activity.

Upcoming Activities:

- Crews will begin bridge maintenance on the I-215 bridge over Holladay Blvd as early as October 19 and are expected to continue through early November.
