

Construction Activities: Friday, November 18 – Friday, December 9, 2016*

**Construction schedules are subject to change due to utility, material, weather and equipment delays.*

I-215; one mile north and south of the 6200 South (Exit 6)

- The northbound lanes have been switched back to the northbound side of I-215.
- In this area, I-215 is restricted to two lanes in each direction.
- Speeds have been reduced in this area. Please follow the posted speed limit as fines double for speeding in the construction zone.
- Motorists are encouraged to plan ahead, and be alert when traveling through the construction zone.

Southbound/westbound on-ramp at the 6200 South exit and northbound/eastbound on-ramp at the 6200 South exit (Exit 6)

- Crews have completed the northbound on and off ramps that are now open and fully accessible to motorists.
- The southbound off ramp is currently in a temporary configuration. Please use caution and be alert when exiting I-215.
- The southbound on ramp is currently reduced to one lane. This lane closure is expected to continue through December 9

For information on the barrier installation taking place along this project corridor, please click [here](#)

Upcoming Activities:

- Crews will begin permanent striping as early as December 1 and continue through December 9.
